

## CURRICULUM CONTENT: YEAR 3

### English

- Punctuate a simple sentence correctly.
- Use appropriate adverbs to compliment a verb choice.
- Write a non-chronological report.
- Write a letter including the correct features.
- Learn to spell words with varied suffixes.
- Form our letters correctly and keep them a consistent size.

### History and Geography

- Discover some of the key events during World War II.
- Use map reading skills to locate which countries were involved in World War II.
- Understand how a limited supply of food was distributed during the war.
- Explore the difference between the jobs of men and women.
- Investigate how people protected themselves during the War.
- Learn about the importance of the home guard.

### Religious Education

- Understand the beliefs of world faiths, including Judaism.
- Explore why the Shabbat is important to Jewish people.
- Retell Christian stories that are told in the build up to celebrations.

### Computing

- Learn how to use the internet safely.
- Use code - making a sprite move using simple commands.
- Use search engines effectively.

### Personal, Social, Health, Citizenship Education

- Make new friends and be kind to each other.
- Set ourselves achievable targets.
- Learn to cooperate with others.

### Music

- Begin singing in a round and include musical instruments.

# Here, There and Everywhere Year 3

### Science

- Name the planets in our solar system.
- Explore the size of each planet in space.
- Discover how the temperature varies on each planet depending on its distance from the sun.
- Find out how shadows are formed.
- Investigate why we have day and night.

### Art/Design and Technology

- Learn to observe and sketch an object closely.
- Use appropriate materials to recreate a replica World War II artefact.
- Use a variety of materials to recreate the planets, including the appropriate colour.
- Use computers to create pieces of art.

### Mathematics

- Place 2 and 3 digit numbers correctly on a number line.
- Order and compare 3 digit numbers.
- Round two digit numbers to the nearest 10.
- Add and subtract 3 digit numbers.
- Learn how much change to give when using money.
- Double numbers and explain the process.
- Understand how maths is applied across the curriculum and in everyday situations.

### Physical Education

- Understand the importance of warming up.
- Gymnastics: change the shape of our bodies using stretches, arches and curves. Learn to safely change levels using apparatus. Perform a gymnastics routine using symmetry and asymmetry.
- Compose a dance which includes a variety of levels, speed and sequences of movement,

### Modern Languages

- Learn how to greet others in French.
- Learn to share our likes and dislikes in French.

INDIAN QUEENS PRIMARY SCHOOL

## You can help your child with their learning in the following ways:

### Reading

- Schedule a regular time for reading. Perhaps when you get home or when they go to bed. Take turns asking questions about the stories that you have read. Your child can ask you questions and vice versa.
- Use the glossary so your child learns the meaning of new words that they can then try to use in their writing. Look up new words in a dictionary or at [www.dictionary.com](http://www.dictionary.com).

### Mathematics

- Work with your child on aspects of the Graded Number Challenge that they need to learn in order to achieve a band.
- Help them to practise the multiplication facts that they have learnt in school.

### Special events this term will include:

Summer Fair continued  
 Performance of 'Charlotte's Web'  
 Book Fair  
 Food Glorious Food lunch  
 Bongwe Fundraising Day  
 Educational visit to Maritime Museum  
 Heroes Day  
 Winter Fair

### Autumn Term 2017

5 September – 20 December  
 (Half Term 23-27 October)

### Spring Term 2018

The Spring Term will begin on  
 Monday 8 January 2018

## LEARNING CHALLENGE INFORMATION YEAR 3

AUTUMN TERM 2017

## Here, There and Everywhere (September - December)

This term's topic for Key Stage 2 is 'Here, There and Everywhere'. Through this exciting topic, we will be learning about how physical features and events shape this planet, as well as others in the Solar System. We will also be studying how human events, such as World War II have impacted on the world in which we live. This will include:

- When did World War II begin?
- What happened during the Dunkirk landing?
- What were the roles of men and women during the war?
- What actions did the government take to make sure that equal amounts of food were given to citizens of the United Kingdom?
- Which countries were affected by the war?
- Which songs were sung during World War II?
- How are shadows formed?
- What are the names of the planets in the solar system?
- How and why does the temperature differ on planets?
- How does day and night occur?
- When can computers be used to create pieces of art?
- Why and how do Jewish people celebrate Shabbat?
- In what ways can we help others to respect everyone and everything?
