- Investigate how to separate solids, liquids and gases.

Physical Education

- Learn how to strike the ball in rounders.
- Develop a good technique when running, jumping and throwing.

Modern Foreign Languages

- Learn simple phrases in French to give information.

You can help your child with their learning in the following ways:

Helping your child become a confident reader:

- Schedule a regular time for reading to ensure consistency, such as when your child gets home or before they go to bed.
- After reading, take turns to ask each other questions about the characters and the main events of what your child has read.
- Visit the library and find books about a topic of interest. These may be about the Romans.

<p>Special events this term will include:</p> <p>Educational visit to Lanhydrock Garden Fair Sports Day Camp Summer Fair</p>	<p>Summer Term 2018</p> <p>16th April – 20th July (Half term 28th May – 1st June)</p> <p>The Autumn Term will begin on 5th September 2018 (Training day: 4th September)</p>

**LEARNING CHALLENGE INFORMATION
 YEAR 3
 SUMMER TERM 2018**

Romans Rock! (April – July)

This term’s topic for Key Stage 2 is ‘Romans Rock!’ Through this exciting topic, we will study different areas of the curriculum and it also links to our local community through our connections to China Clay production. We will be studying the lives and lands influenced by Ancient Rome, both in the past and in the present day, including making Roman technology. Our science will focus on chemical changes and the properties of materials. This will include:

- What are the different parts of a volcano?
- Where are mountains found?
- How did Rome get its name?
- Where did the Romans invade?
- What jobs did Roman people do?
- How are fossils formed?
- How can solids and liquids be separated?
- What is soil made from?
- What did Roman artwork look like?
- Why were the 5 pillars of Islam important to Muslims?
